

Interview Questionnaire

“Mind the Gap” is a project involving 9 different European Countries. Its aim is to develop a program to facilitate school integration of migrant students and students from different ethnic groups of secondary schools together with their families.

Migrant students and students from different ethnic groups are increasing constantly. They are from a lot of other countries. We need a new way to programme in order to compare exchanges among cultures and promote a democratic cohabitation.

By giving us some information about you, your family and your background in this interview, you will help us to improve our project outcome. Thank you very much!

A) Personal Data File

1) Name:
2) Age:
3) Country:
4) Religion:
5) Town:
6) School / Department:
7) Tell me about professions and interests of your family members :

Procedure:

- Find out four students with an interesting migration background at your school
- Interviews have to be done by groups of other students
- Each question (1 to 27) has to be one short mobile phone video clip
- Questions must be numbered and be named in each video clip
- One clip should not be longer than 60 sec.
- Prepare a good script before starting producing the video clip
- The main aspects of the answers must be analyzed by the students
- The teachers facilitates the process of analyzing
- The students have to point out the main results in an abstract
